

Guide for Poster Presentations

A poster presentation is a graphically oriented summary of your research project.

Each presenter will have a net useable space in portrait/vertical format that measures 6 feet wide x 3 feet high in which to exhibit their poster.

- The boards will be numbered, and each presenter will be assigned a spot. Please check the poster list on Board #1 in the 6th floor Auditorium Lounge.
- Posters should be set up between 8:00am and 9:00am on Tuesday, May 21, 2013, and remain on display for the duration of the research day until 3:30pm.
- Poster mounting supplies (Velcro strips) will be supplied on site. Staples, pins, and double-sided tape may not be used.
- You may also wish to bring along 20 copies of your summary or abstract to distribute (be sure to include your complete mailing address and email if you wish additional comments).
- Presenters should be available at their poster between 1:00pm and 2:00pm to meet viewers, and talk with judges (if applicable, for students and post-docs).
